GOOD HINT WAS GIVEN

**But Patterson Said He
Would Stay on Job
Till Fired.**

"I see that the Superintendent of
Public Works states that no one had
asked me to resign as inspector at the
Nuuanu reservoir," said Inspector Pat-
terson last night.

"What actually happened was this:
Mr. Howland came to me at the works
and said: 'Do you think that you can
work for the interest of the Depart-
ment after this and stop running to
the newspapers?'"

"When what the Department is do-
ing does not interfere with my duty as
a citizen, I will work for it, but when
it does, then I will not shield it," I
said.

"Then you had better hand in your
resignation."

"Now I would call that a pretty
strong hint that I was not wanted,"
said Mr. Patterson. "But I told How-
land that this was a free country and
that I would not quit my job until I
was fired."

"I have been criticized for not having
made formal complaints to the Depart-
ment before I made my public objec-
tions to the manner in which the work
was being done at the dam, but I was
witness to what happened to Johnson,
the engineer in charge during How-
land's absence, when he made formal
objections along the same lines and
condemned what was being done. He
was promptly taken off the work and
put on something new and I didn't
want to get any transfer myself. I
wanted to stay where I could see what
was going on and be in a position to
protect my property from the results
of incompetent engineering."

"There is not much being done
around the works now, although the
ones in charge are expressing the
greatest confidence in the findings of
the coming examining engineer. The
present engineer representing Mr.
Howland at the dam tells me that the
dam will certainly be finished accord-
ing to the plans now being worked to.
But I think that there are some things
there that no competent examining en-
gineer can overlook, no matter how
anxious he may be."

"I may be a farmer, and of course
I am not expected to know much about
these things, but I do know that my
neighbors and I would be drowned like
rats if the dam is ever finished and
would give way. I am not looking for
any newspaper notoriety in this mat-
ter, nor am I vindictive towards the
engineer in charge, but I am going to
do my duty as an inspector and as a
citizen. I am not going to have it said
that I passed work which I regard as
a menace to the life and property of
anyone."

SCHNACK'S PEOPLE MOVING.

The residents of Schnack's Addition,
in Nuuanu valley, propose the organiza-
tion of an improvement club, the
main work of which is to be the pro-
testing against the Nuuanu dam con-
struction.

BALDWIN'S OPINION.

H. P. Baldwin is quoted in an even-
ing paper as saying that the pipe
should not pierce the Nuuanu dam,
and that the earth and concrete will
never unite to form a watertight con-
nection or joint.

EFFINGER'S MAN.

John Effinger nominates Jas. T. Tay-
lor as a fit and proper engineer to in-
vestigate the dam.

TWO GOOD MEN TO DO INSPECTING

Editor Advertiser: In this morn-
ing's issue you say "Governor Carter
desires expressions of public opinion on
the question as to whether Mr. Kel-
logg's report on the Nuuanu dam would
be generally accepted" by the public
as conclusive.

I would like to suggest that it would
help the public confidence in the report
if two island men like Mr. H. P. Bal-
dwin and Mr. G. N. Wilcox, both of
whom have had long experience in
constructing reservoirs on these islands,
were asked to join in the inspection and
the report.

Several years ago the Haiku dam,
the then largest dam and reservoir on
the islands, gave way, causing much
damage in the valley below. It was
a well built dam and thought to be
amply strong enough to stand.

If my memory serves me rightly, the
cause of its giving way was thought
at the time to be a small spring or
springs of water under its foundation,
which gradually softened the super-
structure.

It was subsequently rebuilt on the
same site but much broader and strong-
er and with a better drainage pipe to
carry off the spring water from under-
neath, and is standing to this day.

Would it not be of interest at this
time to obtain a statement from Mr.
Baldwin of the dimensions of the origi-
nal dam, the height of water it was
intended to withstand, and of the
causes which in his opinion led to its
giving way. If I am not mistaken the
conditions were very similar to those
at the Nuuanu dam site.

At any rate I would offer the sug-
gestion that the two above named gen-
tlemen be asked to cooperate with Mr.

Mrs. ELIZABETH WHALON.

"I Need New Vitality."

When you feel exhausted—when you grow
tired easily—when you lose patience with the little
cares of daily life—when you feel that your hopes
and ambitions are not as high as they used to be—
when you spend a sleepless night—when you get
up almost as weary as when you went to bed—
when you feel "used up" most of the time.

These are all signs that your nerve forces are
burning low.

These are signs that you need new vitality.
You need the nerve strength and new vitality
that Paine's Celery Compound will give you.

Paine's Celery Compound feeds new power to
your nerves.

Nothing that is written or printed can give you
any idea of the full luxury and delight of being
always at your best, able to live your life for all
there is in it.

You cannot understand it until you have once
felt the exultant thrill of the abundant new nerve
force made by Paine's Celery Compound.

Mrs. Elizabeth Whalon tells how she found
"new vitality."

Wells & Richardson Co., Burlington, Vt.
Gentlemen:—"For a woman in advanced
years Paine's Celery Compound is an ideal
tonic. My life has been full of burdens and
cares. Rearing my family and caring for my
home, with a few outside interests, occupied
my time, and with much illness in my home
my strength has been taxed to the utmost.
I did not find any help until I took Paine's
Celery Compound. It relieved the great
strain on my nervous force and gave me such
added force and vitality that the other mem-
bers of my household used it, feeling greatly
helped in time. Having used Paine's Celery
Compound and being convinced of its medi-
cinal value, I take pleasure in endorsing it."
—Mrs. Elizabeth Whalon, 2629 Third Ave.,
South, Minneapolis, Minn.

Try Paine's Celery Compound to-day.
Take three days' treatment.
See how much better you feel.
See how much more easily the trials roll away.
For over 17 years Paine's Celery Compound
has been the most universally used nerve vitalizer
and tonic in the world.

Remember this—Paine's Celery Compound is
the prescription of one of the most famous physi-
cians this world has ever known, Prof. E. E.
Pheps, of Dartmouth University.

All reputable druggists recommend and sell
Paine's Celery Compound.

WELLS, RICHARDSON & CO.,
BURLINGTON, VERMONT.

Kellogg in making the investigation.
It would do no harm and might help
public confidence very much.

It seems to me somewhat doubtful if
the opinion of any one man would be
entirely conclusive. It sometimes
takes a good many men to come to a
final conclusion on a big engineering
proposition. The Panama canal for in-
stance.

ONE OF THE PUBLIC.

WIFE MURDERERS TO HANG ON JUNE 28

Two murderers are to hang in Oahu
Prison on June 28. Governor Carter
yesterday signed the death warrants
for Okamoto, who killed his wife in Ko-
hala, island of Hawaii, and Lorenzo
Colon, a Porto Rican, who killed his
wife in the district of Kau, island of
Hawaii. They are to be hanged at the
same time from a double scaffold. This
makes half a dozen hangings in the
last few weeks.

KAUAI ENGAGEMENT.

LIHUE, Kauai, June 18.—An elab-
orate luau was given by Mrs. Deverill
at her Hanalei home last Tuesday, at
which the engagement of Miss Lena
Deverill to Mr. W. F. Sanborn, man-
ager of Princeville plantation, was an-
nounced.

All the Hanalei people were present
as a matter of course, but also a num-
ber of outsiders: Mr. and Mrs. A. S.
Wilcox, Dr. and Mrs. Yanagihara, Mes-
dames Chamberlain, Norman Greig,
Makee and Myers, the Misses Aileen
Aldrich, Bernice Aldrich, Quinn and
Taylor, Messrs. Austin, Boreiko, Boyle,
Cronj. Rev. Isenberg, Lota, O'Brien
and Van Hise.—The Garden Island.

FIRE WORKS! FIRE WORKS! FIRE WORKS!

NOTICE.

Dr. M. E. Grossman, the dentist, has
returned and resumed practice in his
office on Alakea Street. Office hours
from 9 to 4.

Clear Your Blood

Get to the bottom of the
difficulty by using Scrib-
ner's Sarsaparilla; it will in-
vigorize the system and en-
rich the blood better and
quicker than any prepara-
tion on the market.

The "Good old Summer
Time" is all right for some
things but it is bad for the
blood and the best regulator
is Scribner's.

Biliousness is traced to a
poor condition of the blood.
Scribner's corrects the evil,
strengthens and builds up
the system at the same
time. Sold only by

Hobron Drug Co.

PUNAHOU COMMENCE- MENT REUNION.

On Thursday, June 21, from 3 to 6
p. m., the second annual gathering of
Punahou students and their families
will be held on the Oahu College
grounds. There will be a short pro-
gram and a display and feast of fruit
afterwards. All who have had any
connection with Punahou are invited.

Donations of fruit for display or eat-
ing will be received at Oahu College
on June 20 or 21, or will be called for
if early notice is sent to G. P. Wilder.
Phone White 1162.

FIFTIETH

Anniversary Number

THE PACIFIC COMMERCIAL ADVERTISER

To Appear on July 2, 1906

To celebrate the Semi-Centenary of its birth, the Pacific
Commercial Advertiser is preparing a colossal Edition cover-
ing the whole field of Hawaiian development and progress,
each article written by an authoritative pen. As supple-
mentary attractions the first copy of the Advertiser, issued
from a hand press on July 2, 1856, will be reproduced in fac-
simile and four specimen pages prophetic of the Advertiser of
fifty years hence will appear with it.

ILLUSTRATIONS.

The illustrations will be in half tones, most of them from
new and striking photographs. Several pictures of old time
Honolulu will appear.

SOME SPECIAL FEATURES.

Reminiscences by Old Timers,
Descriptions of all the Islands,
The Sugar Industry,
The Labor Situation,
Diversified Agriculture,
Religious Development,
Hawaiian Volcanoes,
The Missionary Annals,
The Days of Royalty,
Legends of the Land,
Corporation and Business Directory,
Our Many Races,
History of the Advertiser,
Education in Hawaii,
Scenery, Health and Climate,
Facts from the Census,
Promotion Work,
Irrigation in the Territory,
Fifty Years of Honolulu,
Commerce of the Port,
Army and Navy,
Hawaii in Literature,
Out-of-Door Sports,
Many Good Stories,
Indigenous Verse,
Old Whaling Days,

AND MANY MORE!

Remember that the Souvenir Edition will have from 80 to
100 pages and perhaps more; that it will be embellished with
an artistic cover and that it will answer all questions likely to
be asked by an investor, home or health-seeker, tourist or
future historian of these times.

TO BE ISSUED JULY 2, 1906.

PRICE, TEN CENTS.
